

We believe that all students, staff, and members of the CRCA community are called to live a life that represents Jesus Christ. We believe in unity, modesty, and bringing people together through the gospel and a private education. At the academy, it is important to us that our students have an atmosphere to learn together, work together, pray together, and grow into their calling. All students of CRCA are expected to hold themselves to a standard that reflects Christian identity while pursuing studies that will guide them in their walk with God and allow them to be lights of this world.

We are currently accepting **rolling enrollment** for the 2021-2022 School Year for **Kindergarten** students only. As CRC Academy continues to grow, we will be accepting enrollment for all elementary grades.

To register your child to join CRC Academy's Kindergarten class, please fill out the form below and email it to: [admissions@crcacademy.org.in](mailto:admissions@crcacademy.org.in)
